

Mobile engagement app
for charities

If you're not mobile, you're standing still.

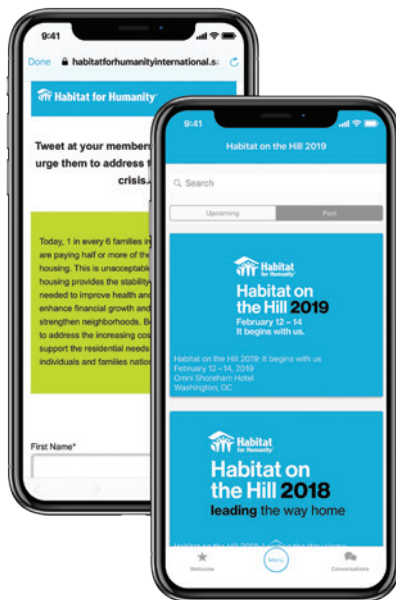

Eventsential is a mobile engagement app that enables your organisation to engage supporters, nurture relationships, manage events and volunteers, and increase donations.

Your organisation can:

- Build communities for your supporters
- Personalise experiences and content
- Communicate latest news and happenings
- Distribute resources and encourage advocacy
- Manage events, sponsors, and volunteers

Your supporters can:

- Connect with your communities
- Participate and engage in relevant activities
- Deepen their commitment to your organisation
- Take action by volunteering or donating
- See how their donations are making a difference

“

Out of all the apps that I've tried, this one blew me away. Best app yet.
